## RoHS Statement

19/11/15

Magnet Sales and Service Ltd continuously audit their Permanent Magnets and Magnetic Assemblies against the latest Restriction of Hazardous Substances Directives which commenced in July 2006, latest edition EU Directive 2011/65/EC (RoHS 2), to ensure that product or manufacture process do not contain any of the reported substances (either banned or to be declared) listed in the directives, as follows:

Lead, Mercury, Cadmium, Hexavalent Chromium, Polybrominated Biphenyls, Polybrominated Diphenyl Ethers, Bis (2-Ethylhexyl) phthalate (DEHP), Benzyl butyl phthalate, Dibutyl phthalate, Disobutyl phthalate

Magnet Sales and Service products fully comply with the above directives, including all Sintered and Bonded Neodymium Iron Boron, Sintered Samarium Cobalt, Sintered Ferrite and Alcomax materials.

A D Lobb
